

## **Women Celebration Concludes**

The five Saturday workshop series at Newburgh Artisans came to a close on March 29, 2008. The workshop series was designed to ensure that the accomplishments of women are never forgotten. These enlightening and empowering workshops were held in conjunction with national Women's History Month. For the entire month the workshops offered a special opportunity for women to discover and celebrate their needs and differences. The focus was to help expand the self -perception and perception of each other with diversity of mind, body, spirit. The closing week workshops included: The Path to Wellness with Creative Healing Plus, Feng Shui and Middle Eastern Dance (belly dancing). "We must always celebrate where women have come from and where we can go, not just during the month of March, but everyday", states Marge Bell, owner of Newburgh Artisans.
